#18 Al-Qa'id al-'Am

- A. Don't you think your messages to the Hamas organization should not be sent out openly so as not to bring about rumors and chaos?

#25 MANSOR

- A. What's your opinion regarding the importance of Jihad in the Land of the Islamic Maghreb [TC: Morocco] vis-à-vis the Global Jihad and toward establishing an Islamic Caliphate?
- B. Do you consider the emergence of Islamic states in Iraq, Chechnya and Afghanistan as the precursory step towards the establishment of a major Islamic Caliphate or do you think it is still too early for that matter?
- C. The war against apostates and against the government of the tyrants requires a massive financial, emotional, and media support. Keeping that in mind, how do you contemplate the future of Jihad in Egypt, Syria and Jordan and other countries ruled by such apostates?

26# Abu Al-Bura' al-Falastini2

- A. What is your opinion concerning the status of the Prophet's [Muhammad] Ummah and are there any promising signs of a declaration of Jihad by Al-Qaeda against apostates and filthy Jews?
- B. We have seen some Kharijites who accuse Muslims in all nations of infidelity because the latter do not believe all Shiites are infidels. Some have actually started to accuse the mujahidin in Iraq, Chechnya and Afghanistan of being infidels because the Mujahidin don't consider Shiites to be infidels. What's your thought on that?

What do you advise those who wish to get there? And why are there no contributions? Many brothers in arms have been able to go to jihad in Afghanistan thanks to contributions received from different websites.

#35 Abu al-Fida' al-Maqdisi

- A. In your opinion, how are the mujahidin doing in Pakistan now that Al-Shaykh Osama Bin Laden has declared jihad against the country and its army? Is that country's system in the process of failing? And is an Islamic Emirate close to being established in that country? Have some of the soldiers of that country changed their position and come around to the mujahidin's side?
- B. What's your opinion regarding what's taking place in Iraq concerning some groups' attack and betrayal of the faithful mujahidin, the soldiers of the Islamic State of Iraq. What do you say to the groups with the long jihadist history who have not pledged allegiance [TC: to the ISI] such as Ansar al-Islam?

We understand that there is unification with the Libyan Islamic Fighting Group and the Upholders of the Covenant in the Islamic brotherhood of Egypt; How come we have not seen them carry out any operations till now? Can you give us good news of such operations in the near future or is it necessary to keep such things secretive for security purposes?
- F. What's your opinion on announcing an Islamic State in Chechnya?

#36 Zahif Al-Anwar

- A. There are many scholars who support you in the Muslim world; why do you not bring them to Afghanistan so as to benefit the mujahidin there since they are oppressed in their own countries and they are unable to say the Truth?
- B. What kind of support do you offer to your brothers in Saudi Arabia? And will Al-Qaeda strike the government there?
- C. We would like you to expose the tyrants especially the Saudi regime by posting video tapes that show the extent of their cooperation with the Crusaders.

#37 Zahif Al-Anwar

There are many scholars who support you in the Muslim world; why do you not bring them to Afghanistan so as to benefit the mujahidin there since they are oppressed in their own countries and they are unable to say the Truth?

#38 Zahif Al-Anwar

Why don't you offer a Masters and PhD program or theological research program under your supervision and direction and which would be posted by the mujahidin and their supporters on the Internet?

#39 Abu-Usama1390

What do you expect will happen once the US withdraws, God willing, from Iraq? And do you anticipate the Shiite militia will cause a threat to the Mujahidin and what's the best way to deal with them?

What is your opinion concerning the American threats made to Iran? And does the US really plan to attack Iran? And should this happen, would do you suppose the consequences would be in the region? And would that be in the interest of the Mujahidin?

How do you think the US is faring at the moment? Do you think it is starting to crumble? Do you think it has begun to withdraw from Iraq and Afghanistan? And if this is truly the case, would you be satisfied with that or would you attempt to drag them into a new war?

What's your strategic plan for Jihad in the next five to ten years in the Arab world? This is especially worrisome because, as you know, a great number of Jihad-supporting Shaykhs have been detained; therefore, it is necessary for you to take on the responsibility of replenishing the jihadist field with your research work lest it becomes filled by that of the seculars.

What's your guidance to Muslim youth as to how they should handle those who oppose them? Especially when they are facing opposition from scholars? Is every theological study and research worthy of consideration or are there determining guidelines for this matter?

What is your opinion of the mujahidin's efforts in the media field?

What is your opinion of the youth who are still acting as bloggers only in the jihad field and are not getting actively involved in it? Is that enough?

What is your opinion of the jihadist experiment in Saudi Arabia and in Egypt? In your opinion what were the positives and negatives of said experiment?

Is it true you regret writing "The Bitter Harvest"?

Don't you think it is necessary to establish a permanent presence of Muslim scholars in the media field to which the supporters of jihad can always turn for answers and advice? It would also be an entity that would answer those who doubt and oppose the jihadist movement.

#40 Mosab

What's your guidance to the Muslim youth of this blessed movement?

#41 Al-Musabir

What about US and Iran's future plan in the Middle East?

#42 Dhurwat al-Sunam

What's your thought regarding bulletin sites [TC: Blog sites] in particular, and jihadist media in general? Do you think it actually broke through the monopoly of the traditional media?

How do you compare between the Jihad against USSR in Afghanistan and the present Jihad against the Global infidels?

What's your viewpoint about the Muslim militias which have been influenced to veer away from supporting jihad and towards supporting the apostates and their regimes?

What's your message to our brothers in "Fath al-Islam"

What about Al-Qaeda POWs in Iran? Any news about them?

#43 Abu Inas

(TC: praising all the Islamic news)

#44 Ayman

Is there any connection between Al-Qaeda and Iran and if there's such a relation what's the reason behind it? Does the end justify the means?

Is there any truth to the Al-Arabia TV's report of an individual known as "Sayf al-'Adl" being a top Al-Qaeda leader, residing in Iran and running Al-Qaeda operations from there?

What are your thoughts regarding the so-called Islamic organizations in the Gaza strip? I.e. Fath, Hamas, Jaysh al-Islam [TC: Army of Islam], Swords of Truth Brigades, and Jaysh al-Ummah [TC: The Army of the Ummah].

What do you think of the Shiite Mujahidin who are loyal to Iran?

What are your thoughts regarding the connection between Hamas and Iran?

Do you think having a peace agreement with the Jews is prohibited?

Why wouldn't Hamas and the Islamic Jihad unit in Palestine?

What are your thoughts on Hamas handing over one of the leaders of Al-Qaeda to the apostate Egyptian government so as to facilitate the crossing of some of their leaders to Rafah at the border between Gaza and Egypt?

Why are you still supporting Hamas even though one of their leaders called you a caveman and an extremist Muslim?

Are torture and degrading methods acceptable? We must remember that Abu-Mus'ab al-Zarqawi never kicked or insulted any one even though he slaughtered many infidels with his blessed hand? And you have seen how our members in the Ansar al-Sunnah Army treat the hostages of the Iraqi Army with full respect and humanity. However, you still support Hamas despite all their bad treatment of Al-Qaeda members?

Why do we still see photos and hear songs praising Hasan Nasrallah in Gaza instead of seeing photos of Al-Zarqawi and Bin Laden?

What are your thoughts regarding Isma'il Haniyah dismissing the option of having a Gaza state similar to the proposed Kurdistan state in Iraq?

What are your thoughts regarding Hamas capturing, arresting and torturing members of "Jaysh al-Islam" [TC: The Army of Islam].

Is there an actual Al-Qaeda presence in the Gaza Strip? What are the steps to become a member in Al-Qaeda? Is the Islamic Army there a part of Al-Qaeda?

When will we see an attack on Israel similar to 9/11?

A. Which one of these three organizations is close to Al-Qaeda: Islamic Army, Siyuf Al-Haqq [TC: The Swords of the Truth] or Jaysh al-Ummah [TC: The Army of the Ummah]?

How do you respond to the spokesman of the Islamic Army who said there's no presence to Al-Qaeda in Iraq?

How come with all the massive number of Mujahidin I don't hear about Egyptians conducting suicide missions?

How come we haven't heard any statement from you supporting the mujahidin in Nahr al-Barid?

#45 'Ubada Ibn Al-Samit

There is a lack of coordination between the media production companies, the mujahidin and the Shaykhs of the Jihad. This is negatively affecting the cause of jihad and could be exploited by the enemy. The brothers in charge of the jihadist media are in desperate need of your input and guidance as this field has proven its worth and

value, even according to the enemy. Its existence is necessary alongside the actual jihad so as to accomplish the Islamic Caliphate, God willing.

#46 Muwahid

How do you evaluate the Global Jihad? Is the Islamic Umma accomplishing its goal or will the coming phase be harder and more brutal? Is the enemy beginning to weaken? Did the jihad endeavor accomplish its goal in representing the Umma and placing it on the confrontation front, or is there is still a long road ahead?

47 Faris Tarajal

How do you evaluate the Jihadist movement in Saudi Arabia? What about its future?

What are your thoughts regarding those left on the Islamic Brotherhood scene in Egypt? Do you think they have completely lost track of the original focus point or are they still following the right creed that will threaten the tyrannical regime? What are your views concerning the operations that were carried out in Sinai?

What's the impact of the Libyan Islamic Brotherhood joining with Al-Qaeda as far as the tyrannical regime in Libya? In general, how closely knit are the mujahidin in north Africa?

As the banner of jihad has been raised and the US has been weakened in the region, what future do you foresee for the area?

The defeat of the US started in Kabul and is now continuing in Baghdad. Where do you think it will end?

#48 Um Maryam (TC: female)

(TC: Praising this blessed effort)

#49 Al-Midhfar 'Umar

Are there any good news regarding the global Jihad?

Do our online activities in the jihadist forums have any reactions in the Crusader West?

Do you have any guidance for us?

Is there any indication of upcoming strong clashes with the Magi especially in the Arab peninsula? Do you see that coming? And what is your opinion on this matter?

We are calling on all the Al-Sahab Media Production in particular and on all the Islamic media in general to start the following:

- To broadcast video tapes exposing the monstrosity of the enslaved [TC: by the West] Arab leaders; especially the Saudis.

- To broadcast video tapes exposing the poverty and the hunger experienced by Muslims around the world and especially in the Arab peninsula
- To broadcast video tapes exposing the continuous suppression of the elite and the stifling of the creative thought in the Muslim communities.
- To broadcast video tapes exposing the attempts of different governments to drag their people to corruption.
- To broadcast video tapes exposing the political and cultural contradictions and ambivalence in those countries.
- To increase all Islamic propaganda and to designate people to search for old articles to be posted once again.

#50 Abu-al-Qa'qa' al-Tamimi

What your recommendation to Muslims who want to join the Islamic Jihad movement but don't know how to do so?

What's your doctrine about prayer in a non-Muslim country?

#51 Qalb al-'Umah

Does Al-Qaeda benefit financially from its strikes? I refer to the global and stock market. If not, then why don't they plan to do so and, consequently, profit from such attacks?

Why did Al-Qaeda not show any positive reaction to the pledging of allegiance to Hikmatyar?

Do you still honor Sayyid Imam's book following his recent stance change?

#52 Al-Qaeda

#54 Fourat Al-Sham

What is your stance on liberating the Muslim prisoners such as Abu-Muhammad al-Maqdisi and Abu-Qutadah al-Falastini? And what is your opinion concerning the attempt by Jaysh Al-Islam [TC: The Army of Islam] to liberate them by kidnapping foreigners?

What's your guidance to those Muslims who do not know the way to join jihad in Iraq and in Afghanistan? Do you think they should start acting voluntarily to kidnap and kill hostages or start planning self-governing attacks?

What's your viewpoint regarding the deals which the leadership of the Muslim Brotherhood in Syria is forming with everyone possible so as to obtain financial gain?

What's your viewpoint regarding Hamas- Iraq?

What's your stance vis-a-vis the hypocrites' claims against the Islamic State of Iraq?

What do you think of the US-French alliance, and what's your guidance concerning dealing with the French?

#55 Abu Muhammad al-Afghani

What's the future impact of the unification of the Mujahidin groups in Pakistan, and is there any plan to unify them with those in Afghanistan? How do you foresee the future of the war on the Crusaders in Afghanistan and in Pakistan?

#56 Al-Sumali al-Ansari

Is it a true that Al-Qaeda exists in greater Syria under the name of “Al-Qaeda Organization in Greater Syria”?

What’s your connection with the Somali Mujahidin?

#57 Al-Qaeda Al-Aam (TC: General Commander)

(TC: comment praising Al-Zawahiri)

#58 Al-Asir

I’m hoping for a letter from you to our prisoners at the tyrants’ jails especially to Shaykh ‘Umar ‘Abdul Rahman and Abu-Muhammad al-Maqdisi; and will you please remind Muslim communities of their duty regarding the prisoners?

#59 Talib Al-Du’aa

What’s your standpoint concerning the average Shiite in Afghanistan, Pakistan, Azerbaijan and the Gulf states? Especially those who didn’t attack the Ummah, in general, and the Sunnis, in particular?

What are your thoughts on the view held by Ansar Al-Islam in Iraq (previously called Ansar Al-Sunnah) in which they propose that the pledge of allegiance should only be to a religiously ordained group that has established its history in the region and whose has been verified and acknowledged by all scholars. Do you have any advice for them especially since you have previously asked them to pledge their allegiance to the Islamic State of Iraq?

Political, economical and historical indications point to the coming fall of the American Empire. If this took place, where will the next Mujahidin’s battle take place?

In his message to Mullah Muhammad ‘Umar , ‘Usama bin laden’s voices his support of Jihad in the countries of Central Asia; is the Jihad project still active over there? To what extent are such projects liable to succeed? And what kind of elements will be helpful to execute this project? If the Jihad movement starts in Central Asia what kind of impact will this make on the balance of power?

#60 yasir

May God bless you. ,,,,,Where can we post the questions?

02 al-hesbah forum

61 Abu-al- Khatab al- Maqdisi

- A. What is your advice to those who follow the Salafi doctrine as shown by the Prophet Muhammad (PBUH)?

- B. What is your advice to those who want to truly want to go to Jihad? If possible, please state 10 things from your own personal experience. Truly, that is what your Brother here needs to know to become a True Mujahid

#62 Ibn al-Kinana

- A. How will that which was stated in the Amir of the Believers', Abu-'Umar Al-Baghdadi, latest speech be dealt with? The number of fighters is declining day by day, and the battle strategy has changed completely in the Land of the Two Rivers.

#63 Abu Sulayman Al-Rawi

- A. What's the organization's strategy in the Islamic world?

#64 Al-Mu'min Bilnasr

- B. Have you received any good news from the Lions of the Islamic State of Iraq in the land of jihad and martyrdom?

- C. Is the health of al-Shaykh Abu-'Abdullah deteriorating?

- D. Are there plans to deliver new strikes against the American Crusader Dogs on their own land, or are you all busy fighting them in Afghanistan and Iraq?

#65 Abullah Rawahah

[TC: comment of support for Ayman Al-Zawahiri]

#66 Al-Wasatiyah

- A. We noticed lately the emergence of a sect that declares societies to be Infidels, and declares the people of the Arabian Peninsula, Egypt, the Land of the Islamic Maghreb, and the Levant to be Infidels. They also forbid Jihad and refute its validity for the lack of existence of "Dar Al-Islam". They don't hesitate to label Al-Qaeda of being weak in its beliefs, and they dare to brand its members as infidels for many reasons which I won't mention here out of respect for the site. So, what is your advice to those people? And how are we, the supporters of the Mujahidin, to do to them?

- B. Do we treat all that disagree with Al-Qaeda in the same manner, or do we have to differentiate between those who are known to be supporters of Islam and Muslims and those who are not?

- C. Do you forbid all government employment (civilian positions)? Do all employees of this kind become morally disqualified even if they are known to be supporters of the causes of Muslims and the call for Allah?

#67 Abu Al-Ihnaf Al-Shybbani

[TC: comment of support for Ayman Al-Zawahiri]

#68 Mujahid Hata al-Shahadah

- A. What must I do and what oath must I take so that God will facilitate my path to jihad in support of his cause?

#69 Al-Qa'id al-'Am

Some questions posed by participants from the Paldf.net:

I'lamiyah:

- A. Does the Doctor have any assurances that every person killed in Algeria's operations is an Infidel? What makes it okay to spill the blood of a Muslim?
- B. What is your opinion of what Shaykh Al-Qaradawi said regarding those operations?
- C. Why do you intentionally direct your stern advice to Hamas through taped recordings? Anyone who cares about Islamic unity and its higher well-being should use other means to give advice, and should understand others' predicament through different means of discussions not through the Media.
- D. Don't you see how Al-Qaeda is unknowingly providing a great excuse to the American Intelligence Services to justify the spilling of the blood of Muslims in the Arab World?
- E. Who among the Islamic Scholars of the Ummah is Al-Qaeda's Shari'ah reference?

Noah:

- A. What Shari'ah ruling does Al-Zawahiri use to justify killing Muslims in Algeria and other places?
- B. What ruling does he use to condemn Hamas to the extent of accusing it of being a Polytheist?
- C. Why is there no Jihad against the usurping Jews in Palestine?

Al-Muhami2004:

- A. What is Al-Qaeda's opinion of Hizb al-Tahrir (Liberation Party)?
- B. Did the Doctor have a specific experience in which he met with members of Hizb al-Tahrir (Liberation Party) or discussed any of the Islamic Ummah matters of interest with them?

Al-Najm al-Thaqib:

- A. What is the purpose behind the Shaykh's verbal attacks on the biggest Islamic groups present in the arena? In the past, he attacked the Islamic Brotherhood then Hamas, and now, it's the Jamaa Islamiya [TC: Islamic Group] & the Egyptian Jihad Movement's turn, because of the retractions in Egypt and the accusations of being preachers of a new American Faith. Is this beneficial for the Islamic Nation? Is there wisdom behind what the Shaykh said and which we are not aware of? Does this tactic unite the Ummah or divide it?
- B. What is Al-Qaeda's present position on Iran? Is it possible for Al-Qaeda to join Iran in an alliance for the good of the Ummah?

Muhammad Sameer:

- A. Why did you falsify Shaykh (Dr.) Fadel's book, and claim that it was a product of your religious committee? What is your religious justification behind falsifying it when its author did not give you permission to do so? What are your responses to the accusations directed to you by Dr. Fadel that you were an agent for the Sudanese Intelligence Agency, and you used to conduct operations in Egypt for their benefit for a sum of \$100,000?
- B. Why don't we hear you attack Iran like you do the West and East countries, the Muslim and the Infidel? Why is it never Iran although you know that Iran committed several crimes that deserve mentioning in your countless recordings? This, you did not do although you were attacking all Muslims who differed with you and you even called all of them traitors?
- C. Why did you label the Martyr (Dr.) 'Abdullah 'Azam an Infidel and refused to pray behind him in Peshawar, Pakistan? This is what his widow divulged to a Turkish newspaper during an interview. She said you refused to pray behind him and that you incited Muslims against him. What is the truth to you having a hand in his assassination?
- D. Don't you see that your many appearances on TV channels confirm what Dr. Fadel says about you of being only a verbal phenomenon that loves fame and the spotlight?

Al-Ba'id:

- A. Does the Doctor consider himself a scholar of the Islamic religion? And if the answer is yes, what basis did he use to issue his Fatwa which contradicts a whole host of Islamic scholars?
- B. Iraq contains many people of different religious sects, and Sunnis constitute about half of its inhabitants if not less. What is their position in the country which the Doctor and his followers supposedly created in Iraq?
- C. What is the verdict on a person who supports democratic principles - as long as those principles don't oppose Shari'ah law - as the best way to govern a country and to create a balance between the country and its society?
- D. Large numbers of Muslims don't follow the Hanbali (Salafi) Doctrine, such as the Ash'arites & the Maturudis, therefore their teachings differ from those of Imam Ibn Taymiyya and Shaykh Muhammad Ibn-'Abdul Wahab, so what does Al-Qaeda think of them?

Suqur Al-'Izz:

- A. Why does the Shaykh continue to offer advice to Hamas when he told everyone that he considered this organization dead and eulogized it to the Ummah?
- B. What is your opinion concerning Mumtaz Daghmish and his organization which is trying very hard to merge itself with Al-Qaeda?

#70 Abu Qutaybah al-Bahili:

- A. How are Shaykh Osama bin Laden and the Prince of the Believers the Mullah Muhammad Omar?
- B. What percentage of Afghanistan do the Mujahidin control?

#71 Al-Qa'id al-'Am:

The second group of questions posed by participants from the Paldf.net (TC: Palestinian Discussion Forum)

Al-'Asifah:

- A. How are the Mujahidin and how is the status of their logistic support?
- B. Do you have any contacts with the groups that announced their merger with Al-Qaeda? What do you think of them?

#72 Abu-Hanifa Shatt al-'Arab:

- A. How the Doctor sees the presence of a Jihad revival in the Islamic world? How could the Jihad Movement triumph when most Muslims are detached from its views and procedures?

- B. How would be the Doctor's respond to those who say that the jihad venture could triumph militarily but that it would fail politically due to the lack of people adopting its selective ideals?
- C. What is the Doctor's advice to the young mujahidin who live as a minority in a society that accuses them of terrorism and infidelity and which takes the spilling of Muslim blood lightly?
- D. What is the Doctor's assessment of the Jihadist experiment in the Arabian Peninsula which changed from an active front to complete dormancy? What are the necessary conditions, in the Doctor's opinion, for a new jihad endeavor to succeed in the Peninsula?
- E. What is the Doctor's assessment of the jihad experiment in Egypt? Is it possible to open a new front there? What are the necessary conditions for a new jihad project to succeed in Egypt?
- F. How did Shaykh Abu Musa'ab al-Suri's ideas affect the contemporary jihad movement?
- G. How did the Martyr Shaykh Abu-Mus'ab al-Zarqawi's ideas affect the contemporary jihad movement?
- H. Could the Doctor tell us how he received the news of Martyr Shaykh Abu-Musa'ab al-Zarqawi's death?
- I. If the American President, Bush, leaves his position without Al-Qaeda carrying out a new attack inside the U.S, and if he ends up claiming that his war and policies against Al-Qaeda are what prevented such attacks, what would be the Doctor's response to him?
- J. As a result of your many media appearances in the past two years, the analysts say "Al-Zawahiri hijacked Al-Qaeda from Osama Bin Laden". How would the Doctor respond to that?

#73 Asad al-Thughur:

- A. Why haven't we seen you give support to our mujahidin brothers in Fath al-Islam?
- B. We read a lot of statements issued by Qa'idat Al-Jihad (TC: AL-Qaeda Jihad) in Egypt; however these statements are published in Afghanistan with the leadership of Shaykh Muhammad Khalil al-Hakaymah (God protect him). Does this mean that Qa'idat al-Jihad is really based in Egypt?

74 Abu Abdul Razzaq:

- A. Why is Iran not mentioned in your many Press releases? We don't hear any mention of it! What is the reason for that? So many of the opposition say that there are secret agreements between Al-Qaeda and Magian Iran (may God damn it), and that there are common interests among them. Can the Shaykh give us Al-Qaeda's opinion on this matter? Is this true, Our Beloved Shaykh? I hope you can reassure us about this!!
- B. How is it that Shaykh Sayf al-'Adl lives in Iran, the country that kills our sons, rapes our women and, alters our religion and Quran, and yet they don't harm him? And how could he live there without declaring Jihad against them? His presence there raises many questions and great bewilderment! I ask you to explain it to us, Our Beloved Shaykh!
- C. Are there any procedures and plans to transport those who wish to do Jihad, from the Peninsula, Egypt, Yemen, Jordan, the Levant and all the Arab countries to Jihad fronts and the preparation camps? God is my witness; we are sick and tired of living in these countries of Tyrants.
- D. Isn't time to break the Jews' back with an operation similar to the one that took place in Manhattan?

#76 Al-Gharib al-Shami:

- B. Why do you, Shaykh [TC: Al-Zawahiri] insist on attacking the UNIFIL forces in Lebanon? Our Brothers there should be focusing on getting ready. Opening another war front with UNIFIL and the Government of Lebanon requires a lot.
- C. A while back, during the battles of Camp Nahr Al-Barid in Lebanon, a spokesman on your behalf promised to avenge the killing of our brothers, the lions of Islam, in the camp; however, we have not seen any of that! Is there an al-Qaeda Organization in the Levant? If there is such a thing, don't you think that what happened has actually damaged al-Qaeda's reputation among the genera; populace? So is that spokesman's statement true or was it mere propaganda?

D. Why don't you personally issue a statement regarding Lebanon? We are in dire need for someone to encourage us, especially with what we are facing from the March 8 and 14 Alliances and others. Why don't you define courses of action for those brothers directing them to a starting point?

#77 Abdul Rahman Al-Magribi:

And especially after the shameful statements we heard from some of the leaders of the Islamic Courts?

I would like you to explain the theory and to highlight the main points where Dr. Fadl went wrong and which the Shari'sh committee sis not approve of.
- B. Could Our Beloved Shaykh point out some examples of his personal interactions with Shaykh 'Abdallah 'Azzam so as to silence all gossip concerning the relationship between them?

- B. Do you take in consideration interests and ills when taking up arms, or do we have to follow God's orders without paying attention to the consequences of such fighting?
- C. In supporting the weaklings, there should be a certain level of capability. What is this capability? What I mean by the word capability, is the ability to lift oppression off the weaklings.

Was that course of action legal, according to the law of Shari'ah?

#114 Mujahid Al-Sabi':

A. Officers and Government officials can be fairly accused of infidelity because they are secular and because they are the ones giving orders [TC: against Islamists]. As for the police force, the same can be applied to them because some of them participate in the war [TC: against the Islamists] and those who are not directly involved in the war but are part of the apparatus that protect Israel . 121 - From Um Al-Bara – Science student in Al-Hasaba University

1 – What’s your opinion of those who say, “The Jihadist movement in Lebanon has failed the men of Fatah Al-Islam, although they have heard your messages and did not find a call by you to support them militarily”?

2- What’s your opinion in opening a new Jihadist front in Lebanon? Is that country suitable for such a thing? Or is it a land support for sheltering the Muhajirin Jihadist? (TC: Muhajirin Jihadist means someone who leaves his land to joint Jihad)

122 - From Abu Abd Al-Rahman – Saudi Arabia

1- One of the Salafist’s follower informed me that God will not punish him because the scholars of the Haramin (TC: Holy Land of Saudi Arabia) did not issue a Fatwa for Jihad and based on this fact, he will not conduct Jihad and that God will punish me because our scholars issued a Fatwa and I did not join Jihad? Are they more accurate than us for following scholars who are worth a while and carry their weight such as Bin Baz and Bin Authayman whom their Fatwa was followed by them?

2- But I said to myself, if that was true than God would not make the Shia, Fatalist and other people suffer just for following the call of their scholars. What stopped me was that the two sheikhs Bin Baz and Bin Authayman were not similar to other Shia’s sheikhs. For they are known scholars and everyone acknowledge them, our scholars and Haramin’s scholars acknowledge them...So, how will those who followed them be dealt with and they did not join the Jihad rather discouraged the people to joint Jihad? I hope my question was clear my beloved sheikh.

123- From Abu Al-Ma’ana

1- They say that there are tears of joy and tears of sadness, but I say that there are tears of love, our sheikh and father what books do you advice our young men to read?

#124- From Hanbali – Instructor at AL-Hasaba University

Question 8 – If the Iranian danger grows and facing it military is a must, and the Arab nations were fully ready to support the Mujahidin of Al-Qaeda, will you accept that offer our dear sheikh?

#125- From Hanbali

1- There are Jihadist movements that fight an apostate, Kafir or extremist regime, and I have seen some governments which are apostate as well support those movements financially for a common interest with the movement to bring down the regime. Don’t

you think that such an issue should not be judged as inviolability or prohibited, since it's within the political Sharia and each case differs from the other?

#126- From Dear Brother Ata Najad Al-Rawi

- 1- Don't you see that there are noticeable shortcomings in the history of the Jihadist movement; you do not see many Mujahidin recording the Jihad they have lived with its shortcomings, strengths and mistakes but few such as Abu Mus'ab Al-Suri. He has a speech when he spoke of his Tajikistan experience. Don't you agree that writing the history of the Jihad movements by its makers will cut the road on those who claim the experience of the Jihadist movement while they are noticeably misrepresenting the history of Jihad? Also, the vain revolutionary movements always try to write its history such as Chi Jievar (Cuban Revolution) and Nelson Mandela (South Africa) and others, so when do you see the people of Jihad write their history with their own hands?
- 2- Some might accuse the Mujahidin by not paying enough attention to education and advocacy (TC: Perhaps he means the call to join Islam), do you have an answer that explains your opinion concerning this issue (Jihad, education and the Call) to explain the priorities of each issue in comparison to the other?

#127- From Jihadist

- 1- Peace and God's mercy be upon you, let me start by wishing you my dear sheikh happy new year, my dear sheikh I would like an answer for my question (What is your opinion now about the Mujahidin Army and what's your position toward it after the political council had issued their statement, I would like this issue to be explained and may God reward you on our behalf)?

#128- From Sa'ad Bin 'Atiq Al-Fahd

- 1- Peace be upon you, prior to anything my dear sheikh Ayman Al-Zawahiri may God keep you, allow me to shoulder you of conveying my greetings to our sheikh UBL (May God keep him) By God we love you in God and ask Him to see you in this land and accompany you in heaven with the prophets, believers and martyrs...Our beloved sheikh I have one question..What's your position toward Shia people (Their scholars and clerks) Are they Muslims or Kufar (TC: unbeliever)???? May God keep you and protect you.

#129- From Abu Musa'ab Al-Muqadasi

Our beloved sheikh and wise doctor "Abu Abd Al-Rahman", Peace upon you and His blessings. May God keep you and keep your path on the truth. I love you in God. My question to you our dear sheikh: what is the arbitration (TC: according to the Islamic

Sharia) that must be taken toward dignitaries Muslims who enter the parliament on the pretext of reform and change?

#130- From Wisam

- 1- How do you assess the epics between Islam and Kufar in these days by the contrast of it approximate and furthestmost of other times and the resurrection of Caliphate and Al-Muhdi battles *may peace be upon him* in the light of Quran and Sunni ideology?
- 2- Does the absence of the Islamic ideological accurate banner justify the inaction of Jihad on the pretext of fear of losing the fruit of Jihad...? Particularly and unfortunately there are banners where the main goal of its political leaders not to rule the land by God's Sharia (TC: God's law) after liberating the land and becoming corrupted with democracy and others? What says you to the Mujahidin men for the purpose of aiding the fighter's ideology under this banner where he has not moved yet to fix the ideology? Especially that there are banners with no clear cut ideology, what do you advice concerning such a group and others?
- 3- We desire an advice from our beloved sheikh... How does a person find and determine the truth of an organization or particular movement? Particularly when they claim to follow the accurate ideology and path? We were shocked by what's called the leadership of the Islamic Army in Iraq....We do not want to be sting by the stone twice.
- 4- Do you have good news for us in the comings days if God is willing?

#131- From Salman Al-Shami

- 1- According to your assessment to what is left of America's strong elements, when do you expect the fall of America as the one pole in the world? I would like the replay to include approximate period of time determined by lower and higher line of contrast, with the most important elements and the weak elements against America.
- 2- What's the candidate power to maintain the control of world's affairs after the fall of America? What are the possible scenarios after the fall of America? Will there be a new one pole power, or two pole power or many pole powers? Will there be a fierce war to determine the new pole power or will the new pole power receive their new positions peacefully and compromisingly?
- 3- Who is the main candidate to embrace the Jewish and their interests during the stage of "After the fall of America"?

#132- From student at the university of Al-Hasaba

- 1- Dear sheikh, I love you in God. How's the Jihad situation in Afghanistan and Iraq??

#133- From Abu Shayma

- 1- What's your assessment to what's occurring in the Lebanese arena during the past period of time of detaining Salfist men than the siege of Nahr Al-Barid camp with the support of nations to the Crusade's Army against the Palestinian brothers and some Muhajirin and Ansar? What do you advise the men who follow the correct ideology? I also ask of you to proclaim a statement of loyalty or exculpatory on the movement of 14th March and the opposition 8th March and warn the general Sunni public of the dangerous drifting toward any of these two movements. My greeting to the lion sheikh UBL May God keeps him and all the brothers, do not forget us in your prayers. Peace and God's mercy be upon you

#134- From Qutayba Bin Muslim

- 1- Question in regard to the Sunni and Salafist scholars (Not speaking of Al Salul scholars). Concerning sheikh Hamid Al-Ali may God keep him, after his latter position toward the State of Iraq, Insar Al-Jihad divided to two sides, one moderate kept the sheikh his right and position respectfully and denied him what they considered wrong in his effort, and the other side stabbed him and disrespected him and accused him with what's not acceptable toward a scholar who support the general issues of Jihad. They began accusing him with what he did not do and statements he did not say and they began hunting his mistakes with a very unacceptable method.

Blessings be upon you our sheikh if you could explain the position that every Muslim should hold toward sheikh Hamid and other scholars of his statues who carry the Salafist ideology and did not issue any fatwa against the Mujahidin and supported them publicly despite all the hardship they faced. However, he did not agree wit us concerning important issues such as the issue of the State?? Or beloved sheikh, what's the legal position toward scholars such as Sheikh Muhammad Hassan, Abu Ishaq Al-Huwayni, Muhammad Ya'aquab and others alike especially in Egypt. Of course, you are aware of their situations and there is no need for us to explain it to you our beloved sheikh???

The second part of the question is concerning the Palestinians.

- 1- What's the legal Sharia rule toward those who believe in democratic ideology and call for joining the Islamic movement? In another way, what's the Sharia rule concerning people such as Ismail Hanya, Aziz Duwik and Ahmad Bahar and other Hamas leaders? I mention those names for their adherence to the principles of democracy and as you know unfortunately they are taught the Sharia but there is no need to make an argument concerning them. My question is for you our dear sheikh due to the differences between the knowledge seekers of the accurate ideology concerning such people. Some sheikhs stated that this is Takfir (TC: unbelieving act) due to meeting the conditions of inhabitation and other saw that they can be excused for being alongside the matter. What do you say may God bless you??
- 2- You our dear sheikh have mentioned time after time the issue of Jihad in Palestine and the Mujahidin in Palestine. So you yourself may God keep

you see that Jihad in Palestine is a duty and the question is: in your opinion, which of the groups in Palestine with all their diversity can be considered closer to the Sharia or deserve the joining of fight under its banner. Because many of our sheikhs who belong to the Sharia ideology prohibit the fighting under any banner's novelty and ignorance. You of course are aware of their matter, also under the pretext of losing the fruit of Jihad and the unclear objective. Keeping in mind that most of the Jihad in Palestine is a pushing Jihad, which means to push the aggressor only. Only beloved Sheikh you are completely aware of the Mujahidin's situation in Palestine; therefore, we desire of you an advice or a clear word under the title: The way to Jihad in Palestine. Or the mechanism you see suitable for men to begin Jihad. If it's individual Jihad or Jihad with any group operating in the field.

- 3- Concerning the men who have adopted and operating under the ideology of movements such as Hamas and Jihad Al-Islami, do you advise them to stay within their organization carrying the call and work toward the Shara'i ideology. Or do you see more suitable for them to leave those organizations and work from the outside as some sheikhs in Palestine believe. Keeping in mind that the men who adopted the Salafi Jihadist ideology have spread inside the Palestinian organizations. And in some organization such as Jihad Al-Islami, they are proselytizing easily and they are in continuous advancement praise be to God.
- 4- What's your opinion our dear sheikh of Jayish Al-Islam (TC: Al-Islam Army)???
- 5- We desire a true word by the truth "Fathi Al-Shaqaqi" (TC: founder of Jihad Al-Islam movement in Palestine) may God have mercy on him, you are one of those who lived the thought of Islamic Jihad in Palestine since its foundation particularly as it grew in Egyptian's prisons, and according to my knowledge you're probably one of those who met the leader of Jihad Al-Islam in Egypt.

Our dear sheikh, we desire of you a general assessment of that man, what's for him and what's against him particularly after some brothers have exaggerated in shaming him describing him with atheism. May God bless you and reward you on behalf of the Muslims and Islam. If it is the will of God, we shall meet soon in the house of the Holy One, lifting the banner of unity above the pulpit of the holy blessed Aqsa.

#135- From Student in the Hasaba University

- **Muhmud the Writer.**

- 1- Is there an actual strategic change between large operations to small operations within the curriculum of Al-Qaeda operations?
- 2- What's the sheikh's vision for Iraq position in the global Jihad field?

- **Hamas 3**

I wanted to ask many questions but they were asked previously by someone, therefore, I will ask if he has relationship with Fatah Al-Islam organization? If he was financing them, supporting them etc....? I would also like to know what's his political

position of the Islamic resistance in Lebanon “Hezbollah”? What has he offered to defend the underdog people of Lebanon? What has he offered for the Palestinian people who are slaughtered daily? (Of course when I asked about what he has offered, I asked excluding his swearing against Hamas...!!!)

#136- From the Sister of Mujahidin

Peace be upon you our brothers the Mujahidin

May God keep sheikh Usama and Dr. Ayman and all the Mujahidin...

1- Concerning my question.....I wanted to ask about New York and Washington’s invasion. At the beginning the sheikh has denied that he was behind the invasion and we know America did not have evidences against Al-Qaeda of being behind it until after the invasion of Afghanistan and the capturing of Al-Qaeda personnel. If America was satisfied with what Clinton has done after Nairobi’s attack and Dar Al-Salam by launching a missile attack against Afghanistan, was sheikh Usama willing to keep his denial.....or what will the situation be?

#137- From Abu Al-Qa’aq

- 1- What’s your current opinion and assessment on the Jihad’s situation and the Islamic Ummah in general?
- 2- What’s your assessment after ten years of declaring the foundation of Al-Qaeda for that period of time? Do you see Al-Qaeda achieving its objectives or part of it? Do you have a staff that conducts strategic studies and assessment for experiences to correct it?
- 3- What’s your strategy for the next stage!?!? Will we see a change from your previous strategy or will you continue operating with the same strategy!?!?
- 4- What’s your opinion about Proselytizing the Global Resistance book by sheikh Abu Musa’ab Al-Suri may God free him..!?!?
- 5- Do you feel that Hamas is excused legally (TC: by the Islamic Sharia) for not adopting the Sharia in Gaza due to the intense siege and huge pressure it faces?

#138- From Abu ‘Amarah Amad Al-Din Al-Yamani - Erhapy (TC: Terrorist)

- 1- I would like to ask about our beloved sheikh Slayman Bu Ghayth, what’s his news? Is it accurate that he’s captive by the Iranian government?
- 2- What’s your assessment on the Islamic State of Iraq? What are the position of our beloved sheikh the Mujahid Abu Abdullah Usama and the Amir of believers Mullah Muhammad Umar. May God keep you all??? Why our sheikh Abu Abdullah avoids mentioning it by name in his speeches?
- 3- There are people my beloved sheikh that speaks of you as you do not see the Kufar of the Shia but you consider them Muslims and people of Al-Qubla (TC:

Qubla is a reference to those who receive the KISS in their prayers regardless of their ideology), how do you respond?

#139- From Abu Al-Fada Al-Maqdasi

- 1- What books do you advice to the seeker of knowledge particularly books concerning important issues such as Takfir, ideology and Jihad jurisprudence. May God keep you our sheikh!!

#140- From Jalibibi Al-Muqadasi

By God we love you.

1- And I say, Palestine misses you by God and its dirt loves your blood and your shadow is approaching near to it, we ask your advice particularly the men of Jihadist Salafist in Palestine. May God bless you and keep you

#141- From Khalid Al-Islambuli

- 1- In one of your statement published recently, you spoke about the alliance of the underdog in the land, and I consider this a very important point that must be clarified. God knows that it convey essential message that Muslim do not attack anyone except those who attack them. And they do not use Takfir as an ideology in their life but it's a victory for Muslims and the weak ones who are not Muslims in the land....Was my understanding to the concept coincides with your opinion or the purpose was different?
- 2- Perhaps my understanding increases day by day, that the Satanic Kufar in the area is America and its tails everywhere are in constant defeat. It's inevitable that everyone must confess that America changed after entering Iraq. Do you believe that Al-Qaeda organization in the land between the two rivers has changed after the martyrdom of Abu Musa'ab Al-Zarqawi? Do you believe that its power has increased? Does the ideology his successor Abu Hamzah Al-Mahajir has adopted provides deadly strikes against the apostates first and against the agents and the awakening councils who were fascinated in their aggression against the Mujahidin in Iraq?
- 3- Perhaps my username in Al-Hasaba forum "Khalid Al- Islambuli" reminds you of the case that you were arrested for which was the assassination of the Egyptian Pharaoh at that time....after 25 years of that incident in October 6th...Do you believe that the operation achieved it's desired objective...And when you see Hosni Mubarak the successor of the worn Sadat who is considered a dummy in the hands of America and the Zionist entity, do you still believe in the principle of assassination and elimination of the head...? Your son Khalid Islambuli.

#143- From 'Abada Bin Al-Samah

(TC: The username is asking if he can send some personal questions to the Sheikh)

#144 - From Abu Umar Al-philistine

- 1- What's your expectation to what will happen in the region from changes; I mean the Islamic nations and others as a whole?
- 2- Which would you prefer, Jihad or seeking knowledge if one of them takes the time from the other particularly if Jihad is an individual act?
- 3- Do you support Jihad with an untruthful sect but disagreeing with their disbelief if there is no other sect that is conducting the work of God? And if Jihad is conducted through them, it will be considered an individual Jihad and ineffective?
- 4- We would desire of you to establish a curriculum for the seeker of knowledge who do not have much time, what books to start with, etc...?
- 5- Last, I wonder if there were any disagreement and conflicts between you and sheikh Usama, someone claims that there are some disagreements between you but I don't consider his statement.

#145- From Muhab Al-Faruq

At the beginning of establishing Al-Qaeda, people thought that it was fighting the enemy militarily. But!!!

Some claim that you have changed the ideology of Al-Qaeda to killing people without discernment. Also, you would be inclined to kill what you called the close enemy than the far away enemy. This became apparent with the Zarqawi's method and his group in Iraq. They distorted the image of Islam and did not distinguish between the individuals of humanitarian organization that came in objection to the occupation of Iraq and the western soldiers.

Everyone knows that in Iraq you take refuge among overcrowded residential areas and when the American Army discovers your presence, you flee the area leaving the innocents local behind as victims of the assault. In addition to the vehicles that attacks the mosques, markets and congregations to spread destruction and mass murder....Your excuse would be to kill a policeman or a town mayor!!!

My question is, how do the Muslims before others can be convinced of what you're conducting to be the Sharia Jihad (TC: The true Jihad according to the Islamic law) after this long history of killing innocent people?

My second question is: Jihad had purpose and objectives to be achieved within the military Jihad in the previous centuries, my question is, does the military Jihad still have the same affect or will the results be counterproductive? In other word, is Jihad confined to killing and shedding bloods, or are there other tactics and methods that can be utilized

to achieve the objectives of Jihad without losing souls? Please, do not be invoked by what the Americans and others are doing, we as Muslims supposed to be an example for the world in forgiveness and our graceful goals, not to become a gang without any concern but to revenge!

Second Question from member Talayni

Until now you have not issued a clear statement of your responsibility for the attack against world trade center in New York. My question is: Is it you who are responsible for it? If it was you, are you aware of the scourges that fell upon the Muslims because of your action? And if it wasn't you, who was responsible for it and why do you not issue a clear statement?

#146- From Qanas (TC: Sniper)

Student at the university of Al-Hasaba

- 1- By God I love you my sheikh, is there any intend to attack the Americans bases in the gulf?

#147- From Abu Hamad

(TC: The username is making a comment concerning the enemy of Islam. He's stating that all of those who support America are an enemy of Islam regardless if they are crusades or Hindus)

- Dear sheikh, we desire of you to reiterate the tyrant's agents and emphasize on it. Perhaps you could develop a documentary and educational serial targeting the Muslim people to disclose those agents?

#148- From Ishraf Umran

- 1- What are the advices you can give to the scholars of the TV Satellite channels such as Qanat Al-Nas (TC: The people's channel) which is backed by the Salafist but its scholars have not true role in supporting the Mujahidin. They only claim to support Mujahidin in order for them to keep their positions. After each Jihadist operation, they are the pioneer to attack them with sharp tongues.
- 2- What do you advice those scholars who undeservedly claim to be wise in contradiction to what God has placed upon us for this current time?
- 3- Isn't a priority for our beloved sheikh to issue a word of victory to our Mujahidin commanders in Chechnya to support the act of uniting the Mujahidin in the world?

#149- From Ishraf Umran

- 1- The Arab media always emphasize on spreading the rumor that Al-Qaeda kills innocents and follow the ideology of mass murder. They summon scholars saying (This is not Jihad etc...) ... How do you respond to such rumors?
- 2- What is the role of Al-Sahab organization in disclosing the criminal's words to the Muslims in a documentary series film?

#150- From Ishraf Umaran

1- What is the role of Al-Sahab organization in disclosing the criminal's words to the Muslims in a documentary series film?

(TC: Comment from the user name suggesting to Al-Sahab organization to produce documentary films concerning the purpose of Islam and how the leaders opposite it)

#151- From Abu Hamzah Al-Shafa'ai

1- Sometime it's necessary for the lions of Jihad media to target the western audience with apparent materials attacking the Mujahidin but it carries a hidden message for many reasons. Such as to pass the ban placed by some sites against Mujahidin's productions. Such procedures have proved itself by the required reaction in most cases with higher credibility than direct messages to support the Mujahidin with its statement and terminologies that are not familiar to the western audience.

My question is, if I produced such films through the production of some music that are forbidden by God since we are fighting the broad with a trick. This is allowed for the cause because such production will attract wide range of targeted western audience with such a production. Since this production is not targeting the Muslims audience, it contains no assistance for sinning and is considered difficult for the enemy, so such a production will be seen easily and pleasantly.

What is the Sharia rule concerning such a productions If I directed it? May God bless and reward you.

#152- From Abu Muhammad Al-Muqadasi

- 1- Does everyone who conducts Jihad to keep the word of God supreme and above everything, has the right to issue Fatwa and discuss the issues of sins and theorizing of unbelieving nation? Are we authorized to receive and believe him despite the fact that we do not know if he has receive the knowledge by a credible sheikh of knowledge and justice?
- 2- The prophet has said, (TC: paragraph from Hadith - Whoever doesn't consider the believers is not for me and I am not from him)
Are the Jihad operations that were conducted inside the Islamic house against the soldiers of the enemy where Muslim civilians were killed, such as what took place in Algeria recently at the UN HQ and what took place in the Egyptian city of

Dahab in Sinai and a lot of forbidden blood was shed, was the brother who knew that he couldn't kill Christian and Jewish without shedding forbidden blood, was allowed to conduct such an act? If not, is he in hell or heaven since God said, "If a man kills a Believer intentionally, his recompense is Hell, to abide therein (forever): and the wrath and the curse of Allah are upon him, and a dreadful penalty is prepared for him" Nissa 93.

#153- From Abu Al-Walid

- 1- How do you view those who claim their love for Jihad but do not see the heads of the Muslims and Arabs as Kufar and he might claim that they are not Kufar or he will not claim that they are, fearing that it will return against him if they are not, etc?
- 2- Is it possible to make Al-Qaeda experience in Afghanistan and Iraq spread in every Arab country or city or village? To uproot the Kufar and bring back the Caliphate!
- 3- (TC: this is a summary of the two pages question)
- 4- "Is it according to the Sharia that a man can conduct Jihad in any country without being under the supervision of Amir and with his limited resources since there are so many intelligence agents and people that can't be trusted for recruitment?"

#154- From Abu Adam Al-Muqadasi

- 1- What's your opinion concerning the suicide attacks attributed to Al-Qaeda in some Arab nations and it does not target clear military targets against apostates police or an agent army. Such as what took place in Morocco of attacks against internet café or immoral places or what took place in Algeria where tens of gentiles were killed, and those gentiles do not present danger on the Ummah than the security officers and intelligence agents who should be the priority targets?
- 2- Another question, there is no legitimacy in using the Sharia on the Jihadists internet forums, you do not see one origin of using the Sharia... what's your opinion concerning this subject?

#155- From Ibn Al-Khatir

(TC: Comment: God is Great!)

#160- From Ishraf Umran

- 2- Does Al-Qaeda in Iraq lives by healthy rules or does it have outsiders?

#165- From Janat Magazine

#166- From Abu Dua’a

- 1- Why don’t you rush in rebuking the accusation made against you by the crusader’s media? Although you target the public in general and the innocents after each operation...To clarify who was the target of the operation to convey the picture to the general public.....Because even though the war is a military operation, it is also a battle of the hearts and the minds.

- 2- Why don't we see any operations revenging from Iran since you said that Iran has backstabbed the Islamic Ummah repeatedly? Is it accurate that you're trying to keep some captive elements of the organization safe under the Iranian regime such as Saad the son of sheikh Usama Bin Ladin? Don't you think that the interest of the Ummah should be advanced to attack Iran than the interest of some elements?
- 3- You have given the Ummah your empathy for losing Hamas than you returned and congratulate them for their action against Fatah. Has the dead been resurrected from death? Some analysts view this as a contradiction, can you explain?

178- From Ibn Al-Khatar

- 1- How can Al-Qaeda have a visible presence in the Islamic societies that enable it in investing the love of the public for Al-Qaeda's ideology through proselytizing and public services to infiltrates the ban and win more sympathizers? Because the project of the Islamic Caliphate after the fall of America requires not only Mujahidin but it requires even the simple farmer, student and doctors.
